

FlatSlat

AR405 Roller Shutters

The FlatSlat AR405 has been designed specifically to suit both the residential market as well as many commercial applications. The slat is roll formed to the highest of world standards using a German built roll forming machine which is the most advanced of its type in the world.

The flat profile is available in a wide range of colours, with profile lines on both sides offering an attractive finish from both the interior and exterior of the application.
