

# Paddington

## Aluminium Louvre Awnings

Paddington Aluminium Louvre Awnings are an ideal way to control privacy whilst at the same time not obstructing air flow or the view.

This style of awning can deflect up to 90% of the heat normally transmitted through a window, which can significantly reduce

the energy costs for your home. Available in a range of standard or custom powder-coated colours, Paddington Aluminium Louvre Awnings provide a stylish modern finish to your home.

### Technical

- Louvre adjustment: Fixed or adjustable aluminium louvre blades/slats
  - Pitch on Fixed Awning
  - Standard open - 45°
  - Closed - 37.5°
- Louvre colours: The louvres are extruded aluminium with the same colour both back and front
  - Standard colours - Textured Black, Caulfield Green, Doeskin, Merino, Metro Silver, Primrose, River Gum (Wilderness), White, White Birch
  - Special colours and Woodgrain - surcharges apply
- Control options: Control handle or internal control (installing a control rod through the wall into the room for operation of the awnings without stepping outside)
- Easy panel replacement: Should any of the panels become damaged, the design provides for easy panel replacement without removing the awning.
- Installation option: If there are no eaves to complete the weather protection of your Paddington Awnings, we can install a top-hat cover - as shown in the image above to the right
  - Top Hat colours
  - Standard colours: Classic Cream, Surf Mist, Black, Jasper, Merino, Monument, White, Woodland Grey
  - Custom colours: Are available a surcharge applies
- 5 year Paint and Component Warranty
