

# Roller-Double

## Double Bracket Roller Blind

The Ambience Roller-Double Bracket gives you options to suit your need based both on space and aesthetics and comes with a 5 year component warranty. The use of the Ambience Roller-

Double Bracket allows you to have the choice of privacy and sun control in the one roller blind system.

### Technical

#### Combo Slim Profile

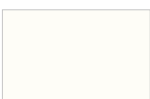

- Bracket dimensions: 148mm high x 85mm projection
- **a1** Top Back same side control, both blinds need to be standard roll
- **a2** Top Front same side control, front blind needs to be reverse roll, back blind needs to be standard roll. By reverse rolling the top blind over the top of the bottom blind it creates a pleasing pelmet effect.
- For greater sun control and privacy, it is recommended to place the room darkening fabric closest to the window and the transparent or light filtering into the room
- Range of colours are available

#### Combo Square Profile

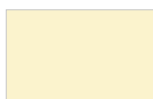

- Bracket dimensions: **b** Same Side chain control: 100mm x 122mm projection  
Opposite Side chain control: 100mm x 115mm projection
  - » Front Blind must be right control
  - » Back Blind must be left control
