

Roman

Roman Blinds

Our Roman blind offers a premium system, available with a smooth chain drive operation with increased load capacity and a spline fabric attachment reducing light gaps or a streamlined motorised option.

Designed for performance and longevity, and available in a range of light filtering and blackout fabrics, the Roman is the perfect choice for most window types in either commercial or residential application.

Technical

- Operation **a**: Rollease Acmeda SS38 chain drive
- Dimensions: Width 600mm minimum - 3000mm maximum
Drop 900mm minimum - 3000mm maximum
- Cleats: Plastic cleats are standard
Brass/Chrome are available - surcharge applies
- Chain Drive: Planetary drive for reduced lifting effort
- Control Chain: Nickel Plated Steel standard
Plastic available on request - no charge
Stainless Steel available - surcharge applies
- Aluminium Headrail: Low profile mounting clip and headrail 43mm x 44mm
Spring loaded mounting clip and headrail 41mm x 44mm
- Head Rail Colour: White
- Standard Features: Sewn pockets and without side hems
Punched Eyelets, with rear PVC rod in every non-eyelet pocket
- Acorn cord toggles: Timber is standard
Brass/Chrome are available - surcharge applies
- Bracket Colour: SS38 Universal mounting clip in White
Press formed Steel, pre-treated and powder coated
- Panel Spacing: Even panel spacing comes as standard and eliminates the secondary fold in the 2nd last panel.
- Motorisation: Optional Extra. All motorised Romans come standard on a 90mm timber headboard
- Sewn Side Hems **b**: No charge. Available only on sewn in pocket Romans
- Maximum Stack Size: If you have an inward opening door and you are fitting the blinds above you need to measure the available space, then subtract 30mm, this becomes your order size/maximum stack
- Specific Panel Sizes: Matching existing blinds and lining up with existing blinds can be achieved - note there may be a surcharge for special adjustments to be made
- Aluminium Back Batten: Slide on back battens are used instead of sewn pockets and punched eyelets. This eliminates needle holes in blackout fabrics. Aluminium back batten blinds are made without side hems. Surcharge applies. Battens only available in Off White
- 5 year Component Warranty
