

Venetian-Aluminium

25mm & 50mm Aluminium Venetian Blind

Our Venetian-Aluminium allows excellent control of light, ventilation and privacy. With a baked enamel finish and flexibility to help to prevent damage, the Venetian-Aluminium has strength and durability while being easy to operate and elegant in appearance.

With our quality aluminium slats at 0.21mm thickness they are more than 20% thicker than the industry standard and offered at a very affordable price point.
