SUPERIOR WORKMANSHIP

Outstanding quality with the highest workmanship, products and materials.

QUALITY PRODUCTS

Huge range of fabrics and materials to achieve your perfect finish.

FIRST CLASS CARE

First class after sales care; warranties on all products and installation.

Environmental Promise.

WE OFFER YOU THE RIGHT PRODUCT FOR YOUR SPECIFIC SUN CONTROL NEEDS AND AESTHETIC OUTCOMES. IN DOING THIS THE PRODUCTS OFFERED MUST ALSO PASS OUR OWN ENVIRONMENTAL CRITERIA.

We search out products that have low to zero V.O.C. (Volatile Organic Compound) emissions, which in turn ensures that the air, you and your family are breathing, is free from elements that effect the toxicity levels around you. Our large range of sun control products are selected with the knowledge that they have clearly documented evidence to give you peace of mind.

Be it that our shutters are made from a polymer that on testing achieved a result that resulted in no V.O.C. outputs* or that our bestselling roller blind fabric come with a Greenguard** certificate, it ensures that, as this matters to you, it matters to us.

Please talk with us about your specific needs.

Considering Shutters?

THEN TALK TO AMBIENCE BLINDS, SHUTTERS AND AWNINGS.
WE SPECIALISE IN CHIC WINDOW AND DOOR SHUTTERS,
OFFERING YOU A WIDE RANGE TO CHOOSE FROM, DESIGNED
TO FIT PERFECTLY INTO YOUR HOME OR OFFICE SPACE.

There are so many reasons to consider shutters for your window or door solution – no other product allows the breeze to come through whilst maintaining light, privacy and security.

Plantation shutters are one of the most sought after window furnishings around and are extensively featured in designer homes and interior publications for good reason – form as well as function are their hallmark. AmbiLuxe Polymer along with AmbiView Indoor Aluminium and AmbiShield Outdoor Aluminium Shutters are waterproof, suitable for salt air environments and will not degrade from moisture.

AmbiNatural Timber Shutters are for indoor situations only and provide the charm, luxury and warmth that comes with real wood. All four offer great insulation against heat and noise.

At Ambience Shutters, all of our products are made-to-measure and will fit your windows and doors perfectly. They can be designed to be permanently fixed, bi-fold or sliding, depending on your needs. Your Ambience Shutters won't chip, fade, warp, change colour or crack. We are proud to deliver our customers the highest quality range on today's market.

Waterproof Polymer Shutters.

CERTIFIED NON-TOXIC

Control your own privacy, security and light filtering with our chic and elegant internal window shutters. AmbiLuxe Polymer Shutters are a hugely popular, signature product offering from Ambience, providing your home with a high performance window furnishing as well as on-trend style.

Unaffected by moisture and humidity (perfect for the Queensland climate), AmbiLuxe Shutters carry a 25 year product warranty and a 5 year warranty on hardware componentry and paintwork. AmbiLuxe Shutters also have the unique ability to provide excellent thermal and acoustic insulation and because they are a high strength product they are impact resistant.

AmbiLuxe

Aluminium Shutters.

Providing contemporary, clean lines as well as maintenance free functionality, AmbiView Indoor Aluminium and AmbiShield Outdoor Aluminium Shutters are the ideal shutter for indoor and outdoor use, making them perfect for any building and a great way to enclose your patio or veranda.

Both AmbiView and AmbiShield Aluminium Shutters are modern and stylish, provide privacy and security, and allow for complete control of airflow and light with the ability to open, tilt and close. Cyclone rated, lockable and screenable in hard-wearing aluminium, these tough but elegant shutters are designed to last the distance.

Includes a 25 year warranty on main componentry and a 5 year warranty on hardware.

AmbiShield Aluminium Shutters are wind tested and certified by the ALS Laboratory Group to withstand a pressure load of up to 3630 Pa. This wind velocity is equivalent to a category 4 cyclone.

AmbiView
INDOOR ALUMINIUM SHUTTER
SOLUTIONS

**LIGHT, SUN, HEAT, AIRFLOW
- WARM OR COOL - ALONG
WITH OTHER ELEMENTS OF
WEATHER THAT AFFECT
OUR HOMES CAN ALL BE
CONTROLLED AND MANAGED
MORE EFFICIENTLY WITH
THE RIGHT INDOOR BLINDS
SYSTEM.**

Indoor Blinds.

YOUR HOME IS YOUR SANCTUARY, AND HAVING A COMFORTABLE, AMBIENT AND PEACEFUL ENVIRONMENT TO RELAX IN IS OF HIGH VALUE IN TODAY'S OFTEN HECTIC LIFESTYLE. THAT'S WHY CHOOSING THE PERFECT INDOOR BLIND THAT SUITS YOUR SPACE AND SITUATION EXACTLY IS SO IMPORTANT.

Light, sun, heat, airflow – warm or cool – along with other elements of weather that affect our homes can all be controlled and managed more efficiently with the right indoor blinds system.

You will also want to take into consideration a style and functionality that suits your home's floorplan and interior decor, as well as privacy needs.

Roller Blinds.

Roller Blinds are a highly effective and contemporary solution to keeping out light, insulating a room and providing privacy for your home or office. These blinds may appear to be simple and practical, but are high on elegance and style.

All of our roller blinds come standard with a discreet light-weight chain operation or can be fully automated, offering you an added touch of luxury and ease of use.

ROLLER BLINDS ARE AVAILABLE IN A VAST RANGE OF PLAIN AND PATTERNED FABRIC OPTIONS TO MAKE THE RIGHT STATEMENT WITH YOUR DECOR, AND COME WITH THREE DIFFERENT OPACITY LEVELS, TO ACHIEVE THE RIGHT LEVEL OF PRIVACY AND CLIMATE PROTECTION FOR YOUR LIVING AREA:

Blockout - with no light passing through, this blind is perfect for bedrooms and theatre rooms.

Privacy - a light filtering fabric prevents anyone from seeing inside day or night, allowing light to pass through, making it a great solution for living areas.

Sunscreen - is a transparent fabric which offers daytime privacy, and allows you to see outside during the day, making them perfect for windows with a view that require reduced heat and glare, or for living rooms, bedrooms and offices.

Five year product warranty

Panel Glide Blinds.

Designed for larger windows or sliding doors, panel glide blinds are a chic and easy-to-operate option for light control and privacy.

With a designer look, these custom-made blinds add a modern edge, functionality and versatility to any room, including the ability to create a room divider.

They overlap slightly, and can be configured to open and close in any direction.

Panel glide blinds come in a huge range of fabrics and colours to compliment your own individual style and décor, and are available in block-out, privacy and sunscreen opacity to give your room the perfect ambience and protection.

Features:

CLEAN LINES

EASY TO MAINTAIN

SMOOTH GLIDING SYSTEMS

OR CHALLENGING SPACES**

**WAND OR CHAIN
OPERATION**

**FIVE YEAR PRODUCT
WARRANTY**

Roman Blinds.

Roman blinds create a luxurious flowing effect, unfolding from a stack as it opens to create a sophisticated frame for the top of the window and a soft, warming finish for your room.

Available in a range of colours and fabrics, always-in-style roman blinds have the advantage of being precisely customisable via textile choice and work equally as well in traditional interiors as they do in sleek and modern spaces.

Roman blinds are also easy to manage, low maintenance and can provide excellent insulation for your doors and windows.

Features:

**PERFECT COMBINATION OF
CURTAINS AND ROLLER BLINDS**

**AVAILABLE AS A CORDLESS BLIND
OR WITH A STANDARD CHAIN**

CLEAN, NEAT, STYLISH LINES

MATCHING PELMETS AVAILABLE

FIVE YEAR PRODUCT WARRANTY

ALWAYS POPULAR
ALUMINIUM, POLYMER
OR BASSWOOD
TIMBER OPTIONS**

Venetian Blinds.

Ever-popular, stylish venetian blinds offer you a great value for money option. Not only do they make your home or office look sleek and modern, they allow you to control the glare and air flow with ease.

Low maintenance and easy to maintain, the venetian blind is quick to install, and provides a timeless and stylish finish to your interiors.

Available in several blade widths, including slimline for an almost invisible effect.

Features:

SUITABLE FOR WET AND HUMID AREAS

AVAILABLE IN 16MM MICRO, 25MM SLIMLINE AND 50MM STANDARD WIDTH

CLIPS AVAILABLE TO SECURE AT BASE

LOW MAINTENANCE, EASY TO CLEAN

CORD OPERATED LIFT AND WAND

FIVE YEAR PRODUCT WARRANTY

Ambience Indoor Blinds come with a 5 year product warranty, giving you assurance that you will have your blinds in place, working well and looking fantastic well into the future.

**PERFECT FOR
DOORWAYS AND
LARGE WINDOWS,
CLASSIC VERTICAL
BLINDS ARE A
HIGHLY PRACTICAL
SOLUTION**

Vertical Blinds.

Perfect for doorways and large windows, classic vertical blinds are a highly practical solution for complete control over the amount of coverage you require, allowing you to tilt the blades side ways to block the sun and view either partially or fully.

The sideways stacking of vertical blinds make them a perfect choice for high traffic sliding door and patio door situations, where venetian and other blinds may not be suitable.

For an obligation free quote, or just for some free advice on the best blinds for your situation and needs, call Ambience Blinds, Shutters and Awnings today and arrange for one of our experts to bring our mobile showroom to you.

**MAXIMISE YOUR
OUTDOOR LIVING
AREAS, DECKS AND
BALCONIES FOR
YEAR ROUND USE.**

Outdoor Blinds & Awnings.

YOU WANT YOUR HOME TO LOOK BEAUTIFUL AND TO BE COMPLETELY FUNCTIONAL. EXTERNAL AWNINGS AND OUTDOOR BLINDS ARE DESIGNED TO PROTECT YOU AND YOUR HOME FROM HARSH UV RAYS, WIND AND DEBRIS, WHILE AT THE SAME TIME PROVIDING STYLE AND VISUAL APPEAL TO YOUR SPACE.

At Ambience, Blinds, Shutters and Awnings, we have a superior range of external shade and weather control systems in a wide variety of styles and materials to suit almost any situation.

Your privacy, security, and protection is maintained all year round with an awning and outdoor blind chosen to enhance the space and give you peace of mind.

In addition, awnings and outdoor blinds provide protection and insulation to windows, doors and decks, saving you money on heating and cooling, whilst keeping your home cleaner and looking great.

We offer you a wide range of attractive external awnings and outdoor blinds to choose from, designed to fit perfectly and match the external appearance and design of your home, office or building.

Gliding Lockable Blinds.

Zipscreen outdoor blinds create a seamless connection between the indoors and outdoors. Keep out the insects and the elements by fully enclosing your outdoor entertaining areas, ensuring privacy, comfort and useability all year round.

These outdoor blinds allow you to take full advantage of your view, they are modern and can be fully motorised, while having your space fully secured from bugs with lockable side channels.

Fabrics available include a variety of colours in shade cloth, blackout screens for complete privacy, mesh or an industrial strength synthetic material that provides a completely clear view.

Features:

AFFORDABLY.**

Traditional Window Awnings.

Traditional awnings typically roll down over windows, cutting down heat by up to 65%. Most traditional awnings project off the window to allow air flow and are very cost effective and reliable. They are wind resistant and enhance the aesthetic of external windows.

For any window situation, traditional awnings offer you a 5 year warranty, and come fully installed by our qualified tradespeople. The pivot arm and roller shutters can be fully motorised, offering additional functionality to your home.

Auto Roll Up – Fabric window awning stops at any height. Manually pull up and down. Retracts into header case.

Pivot Arm – Fully retractable awnings, with pivoting extended side arms to allow shade with airflow, outward opening windows and views.

Roller Shutters – Fully lockable, external aluminium downward rolling shutter. The ultimate in security and weather protection.

Trinidad Awnings – Externally mounted over windows. Available as fixed or with adjustable aluminium louvres and offer terrific privacy and airflow.

And more...

At Ambience Blinds, Shutters and Awnings, we have a superior range of external shade and weather control systems in a wide variety of styles and materials to suit almost any situation.

We offer you a wide range of attractive external awnings and outdoor blinds to choose from, designed to fit perfectly and match the external appearance and design of your home, office or building. Our range includes:

Wire Guide Awnings – crank operated or fully motorised. Base rail secured with a Stainless Steel Wire Guide.

Straight drop Awnings – crank operated or motorised. Secured to floor or hand rail with clip.

Heavy Duty Channel Awnings – crank operated or motorised. Held by side channels and ideal for larger spaces.

Spring Roller Awnings – traditional spring retraction awning.

Twistlock Awnings – Spring tensioned. Twist the bottom rail and position at any height.

Cord & Pulley Awnings – Metal cord and pulley operation, designed to be manually hoisted. Suitable for angled or sloping ceilings.

Café Blind – Similar to cord and pulley, but has side zips and bottom valance. Used for complete weather proofing. Multiple blinds can zip together.

AVAILABLE IN STANDARD OR CASSETTE STYLE

CRANK OPERATED OR MOTORISED OPTIONS

**MOTORISED
BLINDS,
SHUTTERS AND
AWNINGS CAN
MAKE YOUR
LIFE A BREEZE.**

Motorised Blinds.

Life is hectic, but motorised blinds, roller shutters and awnings can make your life a breeze.

Motorised blinds, roller shutters and awnings are a superb choice for large windows, high-up or hard to reach windows. They offer you complete ease and convenience, allowing you full control on the adjustments of airflow, sunlight and heat at the touch of a button and nowadays, believe it or not, even by voice activation. Combined with smart sensors, they will even intuitively operate your blinds, shutter or awnings as the weather dictates!

We are proud dealers of Automate™ - a division of Rollease Acmeda that combines cutting-edge technology with exceptional design. The Automate suite includes motors, controllers, sensors and smart home integration to create a variety of internal and external motorised shade solutions for a luxurious and effortless experience.

In particular, Automate's Pulse 2 technology needs to be seen to be believed. There's native sunset and sunrise technology where shades will raise or lower based on location to allow precise and automatic shade control. The Pulse 2's built-in Wi-Fi quickly connects to the home's network allowing voice-activated shade control via Google Assistant, Amazon Alexa and now Apple Homekit with Siri.

There's even an Automate Pulse 2 App that enables sophisticated shade control straight from any iOS or Android smart phone or tablet. Utilise the Automate Pulse 2 App to group shades by room or scene, establish custom schedules and set timers for convenient and efficient shade control. This technology truly is nothing short of incredible.
